PRESS RELEASE **08-24-2012**

A number of months ago a young group of cinematographers from Lake County created *Evolution Media*, and one of their first major projects was to create a video overview of the operations here at the Lake County Sheriff's Office. That video is now completed and is open for viewing by accessing the Sheriff's Office website at www.lakecountyohio.gov/sheriffoffice.

This 30 minute video does an in-depth look at the various operations here at the Sheriff's Office including the Jail, Central Communications, SWAT, Road Patrol, Dive Team, and the Marine Patrol. It is a good overview of the many facets that the Sheriff's Office is involved in everyday throughout Lake County, and how it touches so many aspects of life here on the shores of Lake Erie.

The Sheriff's Office extends its thanks and appreciation to cinematographers Kyle Johnston and Jeremiah Dotson, as well as Steve Deurlein, who volunteered many hours of their time, as well as all of their the equipment from *Evolution Media* in completing this project, and providing this video for citizens to be better informed on the inner workings here at the Lake County Sheriff's Office.

The video can also be a seen directly by visiting the website <http://vimeo.com/48056222>.
